Our Services

FlowState Innovation

E&R's **signature service**: FlowState Innovation helps teams and individuals break through creative blocks. Our systematic approach enhances creativity and provides a structured path all the way to innovation. Both extensive team programs and one-on-one coaching are available to cater to diverse needs and ensure personalized support.

Strategy & Transformation

Begin with a high-level strategy assessment, followed by targeted strategy sprints. This flexible and collaborative approach leads to effective challenge definition and strategy development. Additionally, embark on a transformation journey through agile change-driven project management and portfolio support, with regular reviews and adjustments to ensure continuous improvement.

M&A Transaction Support

Engage with a structured program that prepare you for sale and meticulously manage the intricacies of M&A projects alongside your team.

Strategic Sustainability

Partner with us for strategic insights into the Corporate Sustainability Directive and related standards, where we work with you to conduct a high-level double materiality assessment, evaluating environmental, social, and organizational impacts, risks, and opportunities.
